RURAL EDUCATION  
Education is the very life-blood of democracy. The standard of rural schools is generally lower than that maintained in the cities.

Education in the country is estimated to cost \$18 per child as against \$35 for the city child.

Good schools are just as essential for the farm laborer and his family as for the farmer himself, and if the farm help know that they can have the same advantages of proper educational advantages for their children, it may mean a more stabilized farm-labor situation.

Rural schools should be headed by one who is in thorough sympathy with agriculture and should eliminate those text books that are based on city life.

The rural school has a broad field of usefulness in the building up of the rural as well as the educational life of the community.

The importance and dignity of farming, as a profession requires the best of brains and skill and should be emphasized in the school work. However, the country school should offer educational advantages equal to those of the city, not confining the entire curriculum to rural subjects.

The elevation of farm life to the high standard that it deserves will come when the standard of education offered the farm boy or girl, shall have reached that point where it is equal to that offered anywhere.

## THE CONE TAX

Among signs of coming spring are the petitions asking the 67th congress to remove the tax on soda water and ice cream cones.

And, in truth, hard up as Uncle Sam may be for money to pay his debts, he should be able to get along without penny taxes levied on the righteous thirsts of his citizens and the confessions of his children.

Increased production costs have made the price of sodas and ice cream high enough without the added federal tax.

The only excuse for such a tax is that it is easy to collect. Certainly a valid claim can be made that cooling drinks and confections are luxuries and that, therefore, they should be taxed.

Uncle Sam who made war successful in a big way seems somewhat a ludicrous figure when seen collecting pennies from children at ice cream stands to help pay the bills of the war.

## Belleair To Be Scene of the National Air Tournament Soon

BELLEAIR, Fla., Mar. 11—The National Southern Air Tournament to be held at Belleair, March 26, 27, and 28 promises to be one of the most interesting flying events held in America since the ending of the World War. Business men of the south are greatly interested in the tournament. Governor Cary Hardee, of Florida, will be asked by the committee in charge of arrangements to issue a proclamation calling the state's attention to the three days of the tournament and the necessity of getting behind aviation.

Army and navy fliers will be in charge of the aerial events. Major Ralph Royce, in command of Carlstrom Field at Arcadia, Fla., the army base station will supervise the events. The event talked about most in connection with the tournament is the Southern Air Derby, a race of 100 miles through the air, open to all classes of airplanes.

The present day traveler to Florida, arriving at Belleair, Miami, Palm Beach or any other resorts is much surprised by the frequency with which the question is asked, "Did you come by air?"

If the answer is in the affirmative, the usual inquiries are made about weather, whether the plane arrived on time, etc., and then the conversation concerning the trip closes with the brief observation to which you agree, "It's certainly the only way to travel these days."

Prominent business men of the north passing their winter vacation at Palm Beach, Miami, and other resorts along the east coast are going to witness the air flights at Belleair which they will pack up and leave for home. A number of prominent folk will fly from Jacksonville. There is to be a military ball at the Pellyview on the last night of the tournament.

Officials in charge of the Southern

Air Tournament which by the way is the most important aerial event to be held in the south, expressed the opinion that proper terminal facilities and means for maintaining communications constitute one of the most important of the complex problems confronting American aeronautics.

The United States is sadly lacking in air ports, as may be seen from the following statistics, which the Manufacturers Aircraft Association has compiled from the latest available information. On Dec. 1, 1920, there were in the United States and its possessions a total of 271 air ports, there being included in this number the stations of the army, the navy and the marine corps, which are not, as a rule, available to private flying activities. This number does not include landing fields which may be used in case of emergency only.

Although the army service has about one thousand emergency landing fields throughout the United States the number of air ports is, as has been said above, only 271. The nature of these air ports is given in the tabulation which follows:

United States Army	23
United States Navy	5
United States Marine Corps	3
U. S. Air Mail Service	22
Municipal Air Ports	145
Private Air Ports	69
Total	271

The United States has thus one air port for every 14,000 square miles of territory, whereas the United Kingdom (Great Britain and Ireland) has according to the latest information, published by the British Air Ministry, 161 air ports, or one for every 1,200 square miles of surface area. This comparison vividly illustrates the backward state of this country in aerial communications.

"After twenty, incidentally, remarks will hardly serve to focus attention and to awaken interest; after thirty, the sediment of prolonged experience has settled over the instinct and often so solidified that too tools will seldom suffice to break through to the emotion bearing Paenonic strain of human nature. After this are falling in love is no longer a matter of instinct. Common sense, good judgment, a truer perspective of life tend to discount the enthusiasm and exaggerations of love's young dream and demands a firmer basis for the happiness to be won."

PRESIDENT GREENE OF GAMES CLUB DEPARTS

W. E. Greene, president of the Burgey Games club, and his wife left yesterday for their home in Rhode Island. The reports from his home that the spring season was rapidly advancing, led him to make this rather early departure. From reports here due to arrive home in a snow storm. He will thus see the real advantages of living in Florida, especially in the winter. Spring is not here yet for good and the southerners will do well to wait until all danger of snow and baby blizzards are past.

Mr. Greene has made many friends among club members and outside the club and all these hope for his return next fall.

## Bad Stomach

Sends Her to Bed for 10 Months

Eatonic Gets Her Up!

"Over a year ago," says Mrs. Dora Williams, "I took to bed and for 10 months did not think I would live. Eatonic helped me so much I am now up and able to work. I recommend it highly for stomach trouble."

Eatonic helps people to get well by taking up and carrying out the excess acidity and gases that put the stomach out of order. If you have indigestion, sourness, heartburn, belching, food repeating, or other stomach distress, take an Eatonic after each meal. Big box costs only a trifling sum with your druggist's guarantee.

## WILBUR-BY-THE-SEA

The pungent perfume of burning punky pine filled the nostrils of the Wilburites last Thursday noon as Wm. B. Wheeler, the big husky paint man of Chicago, threw the fat wood on the funeral pyre of his big oyster roast. Hundreds of fat, fascious divalves were spread over the con suming fire and as the shells popped the cottages were summoned by their gentle host to step up and extract the juicy morsels from the steaming shells. Everyone was there and everyone was satisfied. Mrs. Wheeler had prepared the salads and sandwiches and Chief Landry watched the fire so it did not get beyond control and gingerly handed the hot roasted oysters as they became cooked to all of the participants at the roast. All were gratified and pleased at the success of the affair.

Miss Myrtle Warner	Daytona	225,000

The above list includes all of the candidates that are still in the race for the prize automobiles and their standing of votes up to the present time. Glancing over the list of club members one will notice that most all of them are running neck and neck; their is not much difference between many of the candidates. Most anyone could jump right into the race now and step from the bottom to the top in a very few days. If you are intending to make a real race for yourself, you had best start now, for tomorrow the largest extra vote offer to be allowed during the entire drive will close, and then votes of each subscription must decrease, 110,000 extra votes—looks mighty big, does it not? You will be surprised at the effect these extra bonuses have on your grand totals. Anyone who will just stop and think and who realizes the importance of these votes will be the one who will do the most toward the winning of the Velie or the Ford.

After tomorrow each subscription must count less, for the bonus offer is absolutely the largest extra offer to be allowed. At the start of the campaign we published that we would have a decreasing vote schedule and that we have. Take care Miss Candidate, that you don't fall behind tomorrow. You can get as many bonuses as you care to and the more the better it will be for you, so get busy these last few days and make the fur fly. Your quota of these extra votes is just what you want it to be, so if you are as ambitious as you should be you will do your best toward the securing of these extra vote bonuses.

## Benefit Dance of American League Greatly Enjoyed

The American Legion dance, held at the Casino Burgeyne Thursday evening, proved an evening of delightful entertainment to many couples, who availed themselves of the wonderful evening of gaiety, the smooth floor and the excellent music by Maddaford's American-Canadian orchestra and participated in the joyousness of the dance and get together spirit of the occasion.

The dancer was given by the Legionaires in order to raise part of a fund toward furnishing their club rooms, and furnishing the Legion headquarters in appropriate style. It is understood that a goodly sum was derived through the dance which was attended by a number of couples.

The Legionaires expressed their thanks to Mr. Maddaford for his kind act in donating the services of his excellent orchestra, which is playing a season contract at the Casino, to the musicians composing the orchestra, and to others who helped to make the evening one of the most enjoyable of the season.

## Dramatic Reader of Note Here in Monday Concert

Louise Kinross-Richards, Canada's talented dramatic reader and entertainer, will give a recital at the Congregational church on Monday evening, March 14, at 7:30. In preparing this recital to the Daytona public, the ladies of the church feel assured that the program will be one of real merit. Mrs. Kinross-Richards has appeared before many critical audiences in this land and Canada as well as in the United States and hundreds of favorable press notices give evidence of her popularity. The London Times says: "She brought down the house with her brilliant French recital."

Margaret Anglin, stage manager and leading actress, will be assisted by a personal friend, Mrs. Richards, who is a personal friend of Mrs. Richards.

A varied program will give scope for the artist to demonstrate her ability. Excellent music will be furnished and the public is promised an evening of genuine enjoyment.

### 4 GENERATIONS DISTINGUISHED FAMILY IN CITY

Mrs. John H. Gould of Delphi, Ind., is a guest of the Daytona Beach hotel. She is a member of the family of four generations. The family consists of Mrs. T. J. Clark and Mrs. J. C. Moyer and their son, John H. Gould. Mrs. Gould is the mother of Mrs. Moyer and the great-grandmother of little John, who was named after his great grandfather, the late Judge Gould, who was 12 years on the bench and for years recognized as one of Indiana's ablest jurists. Mrs. Gould's son-in-law, is a veteran of both the War and Spanish-American wars and bears most visible and striking evidences of his service at the front.

Mrs. Gould has been spending her winters in Florida for 12 years and she says with real enthusiasm that so far she has found no place she likes as well as the Beach. While she is pretty well along in years she says she will be back this way again next winter if she lives. For many years Judge and Mrs. Gould were near neighbors and close friends of ex-Congressman Charles H. Landis, who for years was the owner and publisher of the Carroll County Journal at Delphi. She says Mr. Landis is now critically ill, but that he became immensely wealthy after his retirement from Congress through his connection with the DuPont Powder company, he being its publicity manager for years.

Mrs. Gould is the oldest brother of W. S. Judge, known Mountain Landis, just now in the middle years. He still also is remembered for his country-wide debating tours with the late ex-Speaker Champ Clark. Landis is a prominent Republican, while Clark was a leading Democrat, and their debates, always on political columns, drew large crowds everywhere. It thus looks as if the three of their kindred spirits will not be far apart. Mrs. Landis according to Mrs. Gould, is beyond hope of recovery according to eminent Chicago physicians, who recently diagnosed his case at the request of his brother, the judge. He has had two paralytic strokes.

Dr. and Mrs. Fred Grossbeck and Mr. and Mrs. George Lambert are away on an extended automobile trip through southern Florida. Before their return they expect to visit Palm Beach, Miami, as well as the west coast points.

Superintendent Frank Brainerd is believed to report that a snuffler has been put on the water supply of the city and that the snuffler is in the hands of the police. He says there is still some doubt but that the snuffler is in the hands of the police. This has been the case since the snuffler was put on the water supply.

### MRS. RILEY AND MRS. DEAN TO TOUR STATE

Mrs. Elmo Riley and Mrs. Dean, a Dean expect to start Monday on an automobile trip to Palm Beach and Miami. After a two weeks' visit with relatives they will return here for a short time and soon thereafter they will return to their homes in Jacksonville. Both families have been spending the winter here.

During her stay here Mrs. Riley has been associated with her husband's uncle, F. M. Williams, in the office of the Florida Realty company, and has made a host of friends. Mrs. Riley's resignation will take effect in a few days. Many people will regret her departure, as she has proved a very competent and capable business woman. Mr. Riley is a wholesale grocery merchant out of Jacksonville and it is more engaged for him to have his permanent home there. Mr. Dean, who is Mrs. Riley's brother, is also a grocery salesman, but is also a crack shot.

Mrs. E. R. Feltner, a guest at the Seaside Inn, was the business of a very congenial theater party Wednesday evening to the following: Mr. and Mrs. J. W. Stoll, Mrs. W. H. Lathrop, John Smith and R. H. Harting of Lexington, Ky.; Mr. and Mrs. E. R. Blum of Chicago; Mr. and Mrs. C. W. Beckhart and Mr. and Mrs. M. D. Taft of Toledo, Ohio; Florence and Violet Hingst of Tarrytown, N. Y.; Mrs. A. M. ### NEWSPAPER MAN OF GARY, IND., PRAISES BEACH

For some weeks Mr. and Mrs. H. J. Carr of Gary, Ind., have been among the many popular guests at the Seaside Inn. They have spent several winters at the Beach. In fact, they were here for the winter 17 years ago. "These Beach towns have prospered in spite of themselves," said Mr. Carr. "Without a question there is not a winter resort in America that has done as much for the majority of the business men here as these towns have. But I am glad to say I have noticed a decided improvement within the last year or two, and I want to predict that if the lives of S. J. Peabody and R. S. Halton are spared by even five years more there will be many more, and the Beach will be well on its way to being recognized as the most popular and most generously patronized resorts in the whole country. You already have your Auditorium, and I regard this as a wonderful asset. It alone has given the Triple Cities an extended reputation as a social and literary center. I am told that last year Mr. Peabody founded the real estate and many thousands of dollars in cash for the A. C. Horton and that this year he has expended upon the heating plant and other improvements between forty-five hundred and five thousand more. Sare a town with a man of his vision and generosity cannot stand still long. Time I am told that Mr. Horton built the real foundation for the Auditorium by taking the lead in making a demand for it, he being the manager of the Open Forum. Also that he has donated his valuable services, and experience in such matters and other things, and has made a great deal of money for the town."

### HARTON INTERESTED

Virgil V. Harton, the new young business man, who is one of the candidates for a two year term as mayor, desires to let the voters know that he is a property owner in the southern section of Daytona Beach and is much interested in that part of the town. "If I am elected," said Mr. Harton to the News, "I will do everything possible to see that the residents of the south end are provided with sufficient hydrants and water supply to give them the same fire protection. Also that they are given proper service in the way of public utilities. It will be my aim to work for the welfare of all the people of the entire town."

### MRS. BOOTH EXPRESSES GREAT APPRECIATION

St. Petersburg, Fla., March 11.

My Dear Mr. (Horton):  
They kept me very busy in the Prison Farm Monday when I came to the Point at 10:30 on the 10th.

This is my first moment for writing. I do want to tell you how much I appreciate your good heart and work and the day's experience on Sunday. It was splendid. I was so glad to see you.

The building is fine and the staff is the best I have ever had. I have never had a better staff than the one I have here.

When I am the old to work in a court like yours, I am sure to be a good one. I am sure to be a good one.

Believe me very truly yours,

### DESPLAND HOTEL CLARENDON

It is doubtful if any two seasons guests of the Triple Cities have had a better time during the winter than have Mrs. Maggihelle Drake and her sister, Mrs. Whitney Hostetter of Lexington, Ky. They came early and were for several weeks guests of the Despland Inn, but are now located in private apartments. Recently with Mr. and Mrs. M. D. Taft of Cleveland they were luncheon guests at the Hotel Clarendon. Mr. Taft is a cousin of ex-President Taft and with his wife has enjoyed the entire season here. Mrs. Drake and Mrs. Hostetter enjoyed the big card party at the Hotel Clarendon this week, and Mrs. Drake was the winner of the head prize in the "500" games. Early in the season they made the popular trip to Miami, but they are convinced that there is no better place than the Triple Cities. Mrs. Drake came especially to improve her health and they have enjoyed the sea bathing every day during the winter. She is much improved and thinks there is no beach like the one on the peninsula.

Mr. and Mrs. W. E. Gardner of Syracuse, N. Y., have arrived at the Hotel Clarendon to remain for the balance of the season. Messrs. Arthur Salzer and M. Akery of New York are enjoying their second visit of the season at the Hotel Clarendon after spending a few weeks at the more southern resorts. Mr. and Mrs. George Weizmann of St. Louis, Mo., are now at the Hotel Clarendon to remain for the balance of the season. They have been in Palm Beach and are enjoying the bracing air and the wonderful beach here.

Mr. and Mrs. D. N. Winton and daughter, Miss Anne Winton, who were guests early in the season at the Hotel Clarendon, have been enjoying a fishing trip going on their yacht to Miami. They are now back at the Clarendon and will remain for some time.

Among the recent guests at the Hotel Clarendon during the past two days are the following:

Miss F. W. Howe of Framingham, Mass.; Miss Emma S. Mills, Gloucester, N. Y.; Mr. and Mrs. G. P. Kahlhoff of Brooklyn, N. Y.; Mrs. E. L. Stone, Wheeling, W. Va.; Mr. and Mrs. Edmund J. Healy of Far Rockaway, N. Y.; Mr. and Mrs. P. P. Hall, Jamestown, N. Y.; George H. Holt, Miss Ellen Holt of Chicago; C. L. P. Wiehen of Cleveland, Ohio; Mr. and Mrs. A. E. Gilchrist, T. Hare, Mr. and Mrs. C. J. Merry of Toronto, Can.; Mr. and Mrs. R. E. Ebsch, Louisville, Ky.; and Mrs. R. E. Ebsch, Louisville, Ky.

Additional Hotel News on Page 8

The largest golf in the world is the Gulf of Mexico, with an area of 800,000 square miles.

Among the recent guests of the Despland are the following:

Mrs. W. A. DeLong of Louisville; Bernard G. Guther of New York; Mrs. Fred B. Dale, Orlando; Mrs. J. H. Crocker and Mr. and Mrs. W. C. Bryant of Bangor, Me.; H. P. Conway of Atlanta, Ga.; Mr. and Mrs. S. H. Smith of Bridgeport, Ont.; Mr. and Mrs. T. H. Robertson of Lancaster, Mass.; Mr. and Mrs. E. L. Baker, Mr. and Mrs. J. O. St. Pierre of Boston; W. H. Langdon, Jacksonville; Mr. and Mrs. C. M. Wasson, Harrisburg, Pa.; Mr. and Mrs. W. T. Serrill, Elkins Park, Va.; Mr. and Mrs. J. H. Bride and Miss Helen Bride of Lawrence, Mass.; Mr. and Mrs. William H. Hiers, Deavenport, Iowa; Mrs. D. Park Pittsburgh, Pa.; J. T. Whitting, Washington, D. C.

Christian Science  
Lecture Sunday at  
the New Daytona

Dr. Walton Hubbard, C. S. B., of Los Angeles, Cal., will deliver a free lecture on Christian Science in the New Daytona theater Sunday afternoon, March 13, beginning at 3 o'clock. Dr. Hubbard is a noted lecturer on Christian Science and is a member of the board of lecturers of the Mother Church, the First Church of Christ, Scientist, Boston, Mass.

In his lecture here, Dr. Hubbard, who was at one time a practicing physician, will deal with his subject in the following topical arrangement: "Divine law available, why material methods fail, Christian Science logic, real spirituality and spiritual growth, Divine mind and Divine idea, the proven reality of matter, how material beliefs deceive, results of wrong thinking, the Bible revealed, John's understanding of truth, prayer and man's Divine inheritance."

All Christian Science lecturers, more than twenty-two in number, it is said, never offer their personal opinions but base their conclusions on Biblical facts and the spiritual interpretation of the Bible as taught in the Christian Science text book, Science and Health, with Keys to the Scriptures, by Mary Baker Eddy.

These lectures are all said to hold bachelor's degrees through regular class instruction, and the lectures are given under the auspices of the branch churches and societies throughout the civilized world for the purpose of presenting to the public the subject of Christian Science correctly.

The lecture by Dr. Hubbard is the second of two lectures delivered annually in Daytona under the auspices of the local church, which extends a cordial welcome to those interested in attending. These lectures are largely attended, the first here this season having packed the church well before the lecture started and the committee in charge requests early attendance at this lecture for the reason that the lectures always start promptly at the appointed hour.

In order to accommodate the large audience expected, the New Daytona was secured for Sunday afternoon's lecture.
